

Agenda Item Number: 2005-6-5E

BERNALILLO COUNTY BOARD OF COUNTY COMMISSIONERS

Meeting Date: June 14, 2005

Department: Technical Services **Staff Contact:** Tim West, Deputy County Manager for Public Works
Roger A. Paul, Technical Services Director
Paula N. Dodge-Kwan, Engineer

TITLE: Agreement with the City of Albuquerque for the Hartline Road Storm Drainage Project

ACTION: Motion to approve the Cooperative Agreement for the Hartline Road Storm Drainage Project between Bernalillo County and the City of Albuquerque.

SUMMARY:

The Public Works Division, through its engineering consultant for the Isleta Boulevard Reconstruction Project Phase 1, developed a drainage design for the Isleta corridor through the Isleta Boulevard Reconstruction Phase 1, Pond Optimization Report. The design is compatible with the Southwest Valley Flood Damage Reduction Study and the expansion of the drainage system to provide regional flood damage relief.

The infrastructure that is planned will drain along Hartline Road SW from Bridge Boulevard SW to Airway Road SW, Airway Road SW from Hartline Road SW to Cannon Drive SW and Cannon Drive SW from Airway Road SW to Cerro Vista SW. This project will mitigate localized flooding in the area.

A portion of this project is within the City right of way. The County owns both the upstream section of storm drain and the outfall pond. A cooperative agreement is needed for maintenance for the County to maintain the center section of pipe within the City right of way in Hartline Road and Airway Road. The City will retain ownership of these roads as well as maintenance of these roadways. Staff requests Board approval of the Cooperative Agreement with the City for the County to maintain Hartline Road Storm Drain Improvements within City right of way.

This project is scheduled to go to bid this summer and to be awarded at the September 13, 2005 County Commission meeting. Construction is anticipated to take 150 days and conclude in Winter 2006.

ATTACHMENTS:

1. Location Map
2. Cooperative Agreement with the City for the Hartline Road Storm Drainage Project

FISCAL IMPACT

None.

STAFF ANALYSIS SUMMARY

COUNTY MANAGER

These proposed storm drainage improvements will benefit this area and provide for greater public safety. I recommend Board approval. TL 6/9/05

DEPUTY COUNTY MANAGER FOR PUBLIC WORKS

The segment of Hartline within the City limits is located approximately at the midpoint of the project limits with County jurisdiction at the northern and southern segments. The storm drainage system is needed to drain the area and will be beneficial for residents, motorists and pedestrians traversing the unincorporated as well as the shoestring annexed incorporated area. Maintenance of the drainage system only will be the responsibility of the County along that segment within the incorporated limits. All other infrastructure maintenance will remain the responsibility of the City. I recommend approval. TW 6/1/05

LEGAL

Agreement contains appropriate tort claims language. Deborah S. Seligman 6/2/05

FINANCE

Budget	Approval of the financial resolution will accept the funding from the Albuquerque Metropolitan Arroyo Flood Control Authority and increase the budget in the amount of \$250,000.00. Funds will be budgeted in BC21 566405-86AM and utilized for the construction of drainage facilities associated with the Hartline Road Storm Drainage Project. Priscilla L. Gutierrez, Budget Analyst Sr. 5/24/05
Purchasing	No comment required. R. Suazo, Purchasing Administrator 6/1/05
Contracts	Contract Control Number 2005-0235 has been issued for the Cooperative Agreement for the Hartline Road Storm Drainage Project between the City and the County. R. Suazo, Purchasing Administrator 6/1/05
Risk Management	As between the parties, each shall be solely responsible for any and all liability from personal injury, including death, or damage to property, arising from any negligent or intentional act or failure to act of the respective party, its officials, agents, contractors or employees, pursuant to this Agreement. Liabilities of each party shall be subject to the immunities and limitations of the Tort Claims Act. David A. Baca, Risk Management 6/1/05
